As usual, this year's "All A.I.'ed" Sale is being led off with a very powerful and well bred mature herd sire. Since selling right here to Palkot and Abraham Land & Cattle in the 2002 "All A.I.'ed" Sale as a calf for \$4100, he has developed into an impressive display of muscle and power! I have personally seen this aggressive and athletic bull naturally breeding cows in Innisfail and he truly loved his role as senior herd bull!

His sire, Fargo, is still going strong back now at Compass Ranch at 8 years of age. We are finding his daughters to be the ones quietly raising the next generation of profit makers in the Red Angus world.

Chivas's dam, Doll 304H, is an impressive, big bodied daughter of Robin Hood. She's had two full sisters to Chivas sell for \$4500 and \$3600.

Buying a herd bull like Chivas could be the most important decision a breeder could make this fall!

Fargo - Sire of Lot #1

Doll 304H - Dam of Lot #1

From Brad & Nicole comes a very strong herdbull candidate and also a superior show bull, as well. Mr "E" 92N has already lit up the show ring when he was Reserve Junior Champion at Farmfair 2004 behind Bonafide. He will be campaigned this fall at Farmfair and Agribition... so by the time this sale happens, Farmfair will be history and we'll all see how good 92N is.

However the new buyer will be able to get in the photo at Agribition as right after he sells, he'll be on his way to Regina to compete... and compete strongly he will! So will his calves as Cinder is taking out no less than 8 of them this fall!

43N, a brother to Mr "E" 92N, sold in Farmfair last fall to Ter-ron at \$13,000. November 16th at the Cow Palace in Olds for this 8th Annual "Original All A.I.'ed" Sale presents a glorious chance at securing the future of your cow herd through 92N!

**The New Brylor Semen Sales
 Directory will be out in
 January 2005!!**

We will be out this fall securing the best Red bulls we can find for you, our valuable Brylor Semen Sales Customers.

Included in the new directory will be Mr "E" 92N if the new buyer desires.

- ✓ Selling 100% Interest and Full Possession in EITHER 11R OR 28R
- ✓ Brash Creek wishes to retain 50 straws on each bull for in-herd use only

Here is a great pair of bull calves that present a great opportunity for a Red Angus breeder wanting to strengthen his bull battery before spring.

These two calves are already trained for the big time as they both showed in Armstrong and, interestingly enough, 28R had a 4.1 WPDA there at the show!

They have tremendous potential ahead of them as both have powerful pedigrees and performance.

Both are sired by the \$35,000 Century son, Centenario 301M. He was an in-dam purchase from Don Mackenzie's Dispersal, a Golden Boy daughter and high selling cow at \$10,500. His sire, Century, was the two time Agribition Grand Champion Bull in 1999 and 2000.

11R's dam, 062K, is a beautiful daughter of Carlton. She came from the Prime Time Dispersal in 2003 and also has a shot of Currt Value and Youngblood which can never hurt!

28R's dam is the \$5800 Goldie 708F that could be Boomer's most prolific daughter. She's raised the \$18,000 Investor bull and also had two sons in the Prime Time Dispersal at \$6700 and \$4500. She is an "Elite Dam" that is very, very fertile. Note the March 13 birth date of 28R!

Red Brylor WCF Centenario 301M - Sire of Lot #3 & Lot #4

Goldie 311E - Dam of Centario & Granddam of Lot #3 & Lot #4
