## **SALE MANAGER'S COMMENTS...**

### **Welcome to the 8<sup>th</sup> Annual "Original" Brylor Semen Sales Influence "All A.I.'ed" Red Angus Female Sale!**

This is the 8th sale in Olds, already. It's been quite the journey to get here in 2005 - we've seen lots of scenarios in the cow business in the last eight years... some good, some not so wonderful. We've seen breeders come and go and we've seen many herd bulls and breeding types change in many a program. The one consistent thing we do have, though, is the acceptance of our breed - our color of cow - so to speak, and certainly the people in it is a constant as well. Our Red Angus people never fail to amaze me - just a couple of examples from this fall's sale season so far - it was maybe the best social time at the Saturday night party in between "Tradition With A Vision" & Quikway as we've ever had - between the boys from Ontario (Scott, Gerry and new breeder, Jim Ginn) and David Vikse's pool playing talents to Judy Greenslade and her girls from High River, it was such a good time. Everyone was laughing and living it up Red Angus style, it was just a lot of fun... pure & simple... like it used to be in this business (even Puis stayed and had a big time and the only casualty was when Derek dropped my wife on her head when dancing... don't ask). Anyway, point is, I believe we are returning to that old "Red Angus family feeling" once again and I firmly feel that this is a win/win deal for all involved!

Sometimes life as a Red Angus Promoter (I hate the label of Sales Manager) doing these sales has it's moments - both good and bad. Driving up and down the road in a truck that's about to turn over 300,000 clicks, diesel over a buck at the pumps, behind in selections and driving like a maniac to catch a plane and all the while away from my family, and with the phone ringing off the hood with someone wanting to know where the hell the Red Round-up catalogue is... like I have any control over Canada Post!! Being only as good as what I've done for some people lately, that's the moments you wonder about the lifestyle... but, then in the mail just the other day comes a great boost from one of my good friends and consignors in a sale in the East. His kind and thoughtful words of support and understanding were just what we needed at the time. His appreciation of what we did for him makes the other times seem insignificant. And away we go again... batteries recharged for another "All A.I.'ed" Sale!

Great, great set of cattle... and people involved in Olds for this event again on the 16th of November. We have the Heifer Calf Futurity once again with 20+ Brylor Semen Sales sired heifer calves at 3:00 p.m. on Wednesday afternoon and the sale at 6:00 p.m. We will have roast

BBQ beef on a bun from Lou's again and it is very tasty! We will have the usual Mackenzie Sales Management hospitality all night long, too, so plan on coming to Olds, see the Heifer Calf Futurity, have a bite of great Angus slow roasted beef and watch the sale with some of the nation's best Red Angus genetics mated A.I. to the Brylor Semen Sales line-up of bulls!

And now for a few words from Terry White at Alta Genetics, our main company who custom collects our bulls and helps distribute the semen all over the world for us. They do an excellent job with enthusiasm and integrity and Brylor Semen Sales certainly appreciates them. Thank you Terry & staff at Alta Genetics!!

Looking forward to the future,

Bryan & Sherry Mackenzie

### **Remember...**

**All resulting calves from A.I. Services  
in this Sale qualify for any of the  
"All A.I.'ed" Sales  
Events!!**

For over 35 years, Alta Genetics has been servicing the livestock industry with a custom collec-

tion, private storage and distribution facility. Using the most advanced laboratory technology available, Alta Genetics provides each customer with high quality semen eligible for export to almost any country in the world including the EEC.

Our large, spacious pens and herdsman with up to 20 years of bull stud and semen collection experience, ensure that your sire is receiving the best care and attention possible.

Alta offers semen storage and worldwide semen distribution, as well as a complete line of A.I. supplies and tanks. Alta is proud to have a close working relationship with Brylor Semen Sales and the many good people in the Red Angus breed that we are fortunate enough to meet and work with each year.

Alta Genetics welcomes your call anytime for more details on our custom collection program!

	KBJ FRAN 76A	

1P was Brylor's high selling bull in their 2005 Bull Sale at \$28,000 for 1/3 interest and 8 shares sold for \$32,000 to various breeders around the country (MEM, Heart Bar, Piro, Vikse, Leuwenburgh, Jeff Fraser, Graham Red Angus and Abraham Cattle Co.). His dam sold through the "All A.I.'ed" '03 for \$13,600 to Walnut Springs in Michigan. Her full brother sold for \$23,000 to Top Line and a full sister to Ringstead & Blades at \$10,000.

He just keeps getting better, his progeny keep producing better and the demand for him keeps increasing especially in the U.S. (but... no more semen on him down there!). In the recent "Tradition With A Vision" 2005, five daughters averaged \$4940. He truly is "the bull who does nothing wrong!".

RED BRYLOR CHEROK 40X	RED BRYLOR DYNASTAR 19S	
	BLACK BRYLOR EILEEN 62S	

Canada's highest selling bull at \$92,000! Red Rock/Beiseker bought 1/3 for \$42,000 and 10 shares sold for \$50,000 in 2003. His first daughters topped "Tradition With A Vision" at \$12,000 for a bred heifer to Walnut/Colay in the U.S. and a heifer calf at \$5100 to Papa Jack. He just may be the best breeding bull Brylor has ever let go!

REF. SIRE D - RED BASIN SENSATION 702E

## D RED BASIN SENSATION 702E

Owned by Basin Reds, SDL, Ringstead & Brylor Ranch  
February 4, 1995 IMP 702E CAA#: 991759

There are few bulls in the world who do it all as well as old Sensation does, especially for the calving ease! The next best thing one can say about him is the buyer acceptance of his progeny. Also, he's one of only a handful of bulls to ever qualify for the EEC.

I wrote in the 2005 Brylor Semen Sales Directory in January that we could take comfort knowing that "only the good die young". There's no comfort involved when you see how good they are - his first two daughters to sell in "Tradition With A Vision" 2005 averaged \$5550 and now just wait until his first sons light up the ring this spring! He sires amazing muscle and growth combined with gorgeous eye appealing calves. He will be very rare soon!

Since selling here at the Olds "All A.I.'ed" Sale two years ago, this impressive, easy fleshing, athletic herd bull has become the lead sire at Bar 5 in Ontario. He sold for \$41,000 to a group of breeders and recently Bar 5 & Brylor purchased their interests. One of his first daughters produced a calf that sold to Swan Creek for \$5100 in "Autumn Colours" 2005. A flush in a daughter sold for \$3500 to Ringstead.

Since being Brylor's first syndicated bull in 2001 at \$67,200, he has been the replacement for his grand old man, Dynastar. The Bailey daughters are doing a good job and get back in calf very easily. He does it all so well and we don't have to rely on saying that "40X" is his full sister to promote him anymore!

We are now discovering that Deep is quietly doing an amazing job... as he should be maternally! His sire is Canyon and his maternal grandsire is Logan - two of the best female makers going from the U.S. The group of daughters by Deep at Fine Line is overwhelming as to how good and unassuming they are!!
